### **LP Insurance Services and Mountain West Agency Services Donate \$20,000 to Boys & Girls Club of Truckee Meadows**

**RENO, NV** – In conjunction with National Boys & Girls Club Week, LP Insurance Services, headquartered in Reno, Nevada, and Mountain West Agency Services, a subsidiary of CopperPoint Insurance Companies, presented a \$20,000 donation to the Boys & Girls Club of Truckee Meadows and passed out art supplies to more than 50 children.

In honor of National Boys & Girls Club Week, the companies joined to support the Boys & Girls Club of Truckee Meadows general fund which supports after school meals, field trips and other basic services to more than 2,000 children each day at 20 sites in northern Nevada.

While visiting the club, executives had the opportunity to talk with a group of children and share their insights about the importance of leadership and character, based on the theme set for National Boys & Girls Club Week.

“This contribution to the Club’s general fund helps crucial areas of our operations. We are so appreciative of their support and the time spent with our Club members,” said Mike Wurm, Executive Director, Boys & Girls Club of Truckee Meadows.

“The Boys & Girls Club is such a valuable resource to our community. We are proud to have our partner, CopperPoint Insurance Companies, support us in our efforts to enrich the lives of children in the Reno area,” said Nick Rossi, President, LP Insurance Services and Boys & Girls Club of Truckee Meadows Board Member.

“We are pleased to be able to support the Boys & Girls Club of Truckee Meadows and the great things LP Insurance Services is doing in the community. This type of donation underscores our longstanding tradition of community support,” said Rick Jones, Executive Vice President & COO, CopperPoint Insurance Companies. “While touring the facility and learning of LP Insurance’s longstanding history with this organization, it became clear just how passionate President Nick Rossi and Vice President Jim DeVold are about the Club and their mission.”
