**NEW WILLIAM N. PENNINGTON BOYS & GIRLS CLUB FACILITY IN WINNEMUCCA
RIBBON CUTTING CEREMONY MAY 17**

The 36,000 Square Foot Building to Serve Club Members and the Winnemucca Community

WIN, Nev. (May 16, 2017) – The Boys & Girls Club of Winnemucca officially debuts its new William N. Pennington Facility, May 17 at Noon with a ribbon cutting ceremony. The 36,000 square foot building is located at 1973 Witworth Way in Winnemucca, Nevada. In addition to the ceremony, the Club will also host an open house from 5:00 p.m. to 8:00 pm, complete with tours and light refreshments.

The new William N. Pennington Facility includes separate areas for teens and youth with education and STEM classrooms, computer labs, recreation rooms, art rooms and a recording studio. It houses a cafeteria/multi-purpose room and a two-court gymnasium, as well as an indoor running and walking track. The facility will also offer a fitness center open to the entire community meant to generate revenue to help sustain the new facility.

“We are thrilled to celebrate the opening of this community facility that will provide opportunities and impact the lives of so many youth and teens each year. The Club is extremely grateful to the William N. Pennington Foundation and our community supporters for making this dream a reality,” said Chad Peters, Executive Director of Boys & Girls Club of Winnemucca.

The Boys & Girls Club of Winnemucca will be open for summer programming beginning June 12th. The facility will also be open for after school programming and school breaks, to accommodate parents’ varied schedules. While at the Club, young people will participate in a wide range of programs and activities that will support academics, encourage healthy lifestyles and build character and citizenship.

The Boys & Girls Club of Winnemucca will exist under the guidance and support of the Boys & Girls Club of Truckee Meadows.
