Message to Parents/Guardians Regarding BGCTM COVID-19 Procedures

Items children and teens are allowed to bring into the building will be limited. Allowable items include: reusable water bottle (suggested), coat, electronics (BGCTM only), medications, and clean blanket. All items must be clean and, if possible, will be wiped down with sanitizing wipes upon arrival to the Club. Please also legibly label any personal items with your child’s name. Backpacks are not allowed.

Three meals and a snack will be provided each day by BGCTM. Should a child bring outside food into the building, it must be in a disposable container only. It is asked that children do not bring outside food into the facility unless it is necessary due to dietary restrictions or allergies.

Blankets and coats should be washed daily. Children should wear fresh/clean clothing each day.

No parents will be permitted in the building.

Staff will be available to walk children into the building and return them to their parents’ cars at designated pick up and drop off times.
Suggested/Mandatory/Preferred drop off times will be 6:00am-9:00am.
Suggested/Mandatory/Preferred pick up times will be 4:00pm-8:00pm.

Parents or persons designated to pick up will need to be on the list and present an ID in order for their child to be released to them.

Parents are asked to provide an extended list of emergency contacts who are able to pick the child up in case of any emergency.

Parents are asked to notify BGCTM if any children participating in the program have symptoms or have potentially been exposed and will be asked to sign a document declaring their health status daily.

If a child exhibits symptoms (fever, dry cough accompanied with a fever, difficulty breathing), they will be separated from the group until they are able to be picked up by a parent or listed emergency contact.
